**To: IBSSA Congress and Partnership for Security International Conference  
21.03.2018 Tel Aviv -Israel**

**Subject: Greetings Letter**

Dear Participants,

Ladies and gentlemen,

It is my honor and privilege to send a message of support and best wishes to the organizers and participants of the IBSSA Congress and Partnership for Security International Conference 21.03.2018 Tel Aviv -Israel

I regret that I cannot be with you in person, but I am sending you all in my dual capacity, as a President of the Association Swiss Mornign Star, Swiss NGO, and as a Büro Chief IBSSA Anti-HumanTrafficking Swiss, good wishes in the spirit of love and cooperation, for a work of the conference and give my full encouragement and support.

In our world today we all are in front of many challenges: catastrophes looming in geopolitics, in global economics, in environmental spoliation, and in a host of religious, ethnic and nationalistic hostilities and conflicts. And we all urgently need the collaboration of the greatest possible number of people across the world and this requires the cultivation of reliable partnerships between all.

We must continue to learn from each other, as we are all in this together.

Simultaneously we must transform all of our institutions: economics, governance, education, religion, media, security and science— so that they reflect our highest values. And this we can not achieved without more secure, more social inclusive and more pro-active then reactive participations of all in our societies and the world.

This conference, I deeply hope will bring us more common solutions and pro-active frameworks for a construction of more secure and better world.

I wish you all a very fruitful and rewarding conference.
